Executive Education

NGEE ANN-ADELAIDE EDUCATION CENTRE (NAA)

The Bachelor of Commerce is a popular undergraduate programme that provides both general and specialised options in international business, management, or marketing.

Another popular choice is the Bachelor of Innovation and Entrepreneurship, which highlights innovation in all of the process, roles, rewards, motivations and societal impact of innovation and entrepreneurship with a regional, national, and global perspective.

For postgraduate programmes, students can look forward to a selection of degree programmes ranging from Postgraduate Studies in Business Administration, Postgraduate Studies in Applied Project Management and Master of Applied Finance.

Students will get to benefit from opportunities to enrol in university exchange programmes and activities jointly organised with international professional bodies. They can also take part in personal development seminars.

Visit www.naa.edu.sg for details.

SMF INSTITUTE OF HIGHER LEARNING

The SMF Institute of Higher Learning provides a range of graduate, postgraduate and executive education programmes in collaboration with renowned overseas universities and professional institutions.

Students enjoy a holistic learning experience with an industry-relevant curriculum, networking opportunities and seminars. They also have the flexibility of planning their class schedules, allowing them to juggle their work and studies.

The Master of Business Administration offered by Murdoch University is a part-time programme that can be completed in 12-14 months. It offers comprehensive exposure to key analytical tools so students can make sound business decisions. It is an industry-focused course with no dissertation requirement.

The Master of Education in Educational Studies: Teaching, Learning and Research offered by the University of Sheffield is a part-time 20-month programme. It provides students with an in-depth understanding of the processes of learning, teaching and educational research.

Visit www.smf.edu.sg for details.

TECHNICAL UNIVERSITY OF MUNICH (TUM) ASIA

Accelerate your career in engineering with TUM Asia's industrial scholarships. Started in 2002, the TUM Asia brings German academic excellence to Asia by offering a stand-alone joint undergraduate and postgraduate programmes in Singapore with premier partner universities.

The institution works with top industry players, ensuring that its curriculum stays relevant to industry needs. Students have access to compulsory student internships and industry-based lectures.

TUM Asia has partnered with Singapore WDA to offer the Manufacturing Step Scholarship (MSS) with the Economic Development Board Singapore. This postgraduate programme offers students training in a corporate research and development environment to equip them with critical skills.

For details, visit tum-asia.edu.sg/pps.
