“
To be studying in a palace (one of the biggest and most beautiful Baroque palaces in the world), you can’t match that anywhere. It is definitely a privilege to be a student here in Mannheim. The university support and facilitation for international students are excellent, I feel very welcomed here.

“Summer School was fun and exciting, especially if one goes with the ready mind to learn not only in the course but also the culture of Adelaide by visiting places of interest. The experiential learning in the class with an international profile of peers was particularly fulfilling with the diversity in views and ideas. Summer School is indeed an invaluable opportunity if you do not wish to live overseas for a long period of time. The short period of 2 to 3 weeks provides a short stint of overseas experience without missing the comfort of your home.”
